Exosome + PDRN + Scalp & Hair Growth Factors

VELASH^{EXO PLUS}

Exosome + PDRN + Scalp & Hair Growth Factors

Exosome (CICA-Exo)

High-Purity Exosome Derived from Plants.
Ultra-Nano Particles about 500 million particles/ml.

PDRN

High-Purity HPDRN 10,000 ppm
HPDRN is made by French manufacturer derived from wild Alaskan salmon.

Scalp Growth Factors

8 amino peptides and 5
Natural enzymes act as an anti-inflammatory and cleansing agent on the scalp

EXOSOME

- High-Purity Exosome Derived from Plants.
- Ultra-Nano Particles about 500 million particles/ml.
- Exosome, a plant stem cell culture medium, regenerates damaged scalp and induces scalp and hair regeneration through inflammation suppression and cell activation.

PDRN

- High-Purity HPDRN 10,000 ppm
- HPDRN is made by French manufacturer derived from wild Alaskan salmon.
- HPDRN is authorized by European Health Authorities (USA, Canada).
- Promotes and increases scalp hydration, Reconstruction of damage scalp
- Helps supply nutrients to hair follicles and help them grow, as well as improve blood flow to the scalp
- Sun UV light Protection, Reinforces the antioxidant barrier of the scalp

Scalp Growth Factors

- 8 amino peptides and 5 Natural enzymes act as an anti-inflammatory and cleansing agent on the scalp, help to open clogged pores and supply nutrients to promote hair growth.
- Scalp Collagen & Elastin regeneration growth factors

Effect of EMortal Pep [Hair]

Hair Loss Prevention

EMortal Pep [Hair] reduces the activity of TGF- β 1, one of the hair loss-related signaling substances, in Dermal Papilla Cells (dermal papillary cells), which are hair-producing cells, thereby preventing hair loss.

Hair Growth

According to clinical trials, it was confirmed that the product provides hair growth and hair loss prevention effects.

Hair Growth Effect of 3% EMortal Pep [Hair]

Mechanism of EMortal Pep [Hair]

Scalp Growth Factors

- 8 Amino peptides and 5 Natural enzymes act as an anti-inflammatory and cleansing agent on the scalp, help to open clogged pores and supply nutrients to promote hair growth.
- Scalp Collagen & Elastin regeneration growth factors

8 Amino peptides

- ① Galloyl Pentapeptide-74(SEATIDE)
- ② Copper Tripeptide-1
- ③ Biotinoyl Tripeptide-1
- ④ Myristoyl Pentapeptide-17
- ⑤ Nicotinoyl Tripeptide-1
- ⑥ Palmitoyl Pentapeptide-4
- ⑦ Palmitoyl Tetrapeptide-7
- ⑧ Glutathione

5 Natural enzymes

- ① Papain
- ② Ecklonia Cava Extract
- ③ Hydrolyzed Pea Protein
- ④ Rhus Semialata Extract
- ⑤ Atelo collagen
